POSITION STATEMENT

EXPORT OF LIVESTOCK BY SEA FOR SLAUGHTER

There is no longer a consensus amongst LWCC members on this issue and therefore each organisation must decide on its own individual position independently. The acceptability and legality of this trade practice will ultimately be determined by the outcome of the legal process through South African courts. The LWCC remains committed to striving to ensure that the optimum welfare of livestock is promoted and protected, whatever the final legal decision that is made.

Adopted: 2020

**Gareth Bath
CHAIR: LWCC**
